What is Shadow War

Shadow War is a stealth-based board game. You use your senses to find and battle people. There are three boards to play on. one for you, one for the enemy, and one for both of you. Move around the board and hide your movement. Then, search with the five senses (smell, touch, taste, hear, and sight) to find the enemy and battle with dice. You will use dry-erase to mark out locations on the map. You will use d20 and d6 to fight and see who is better when battling.
